

Absence Request Form
For Practices/Contests Scheduled during a School Break
Christian Academy in Japan
Athletic Department

Some practices/contests are scheduled to take place during school breaks. Both players and their parents/guardians have been informed of these dates at the beginning of the season. Players are required to come to all practices scheduled during school breaks unless they have planned family commitments. Players may not be allowed to participate in contests held soon (2-3 days) after the end of a school break if they have not attended practices during the break.

This form is to be completed and signed by a parent/guardian and returned to the coach before the start of the school break.
